

RB-CASEP4+03B

Assembly instructions

1. GENERAL INFORMATION

Dear customer,
Thank you for choosing our product. In the following, we will show you what to consider during commissioning and use.

If you have any problems during use, you are welcome to contact us.

2. ASSEMBLY OF THE CASE

1. Installation of the Raspberry Pi:

The Raspberry Pi 4 must be inserted first in the bottom layer of the case:

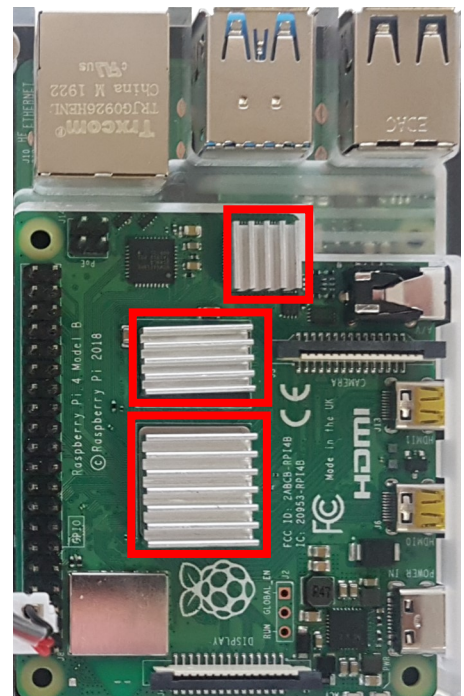

Then the middle (slightly transparent) piece of the case needs to be attached. The magnets will keep it in place.

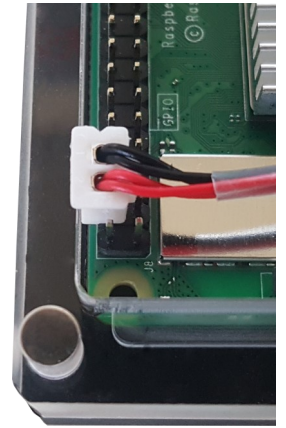

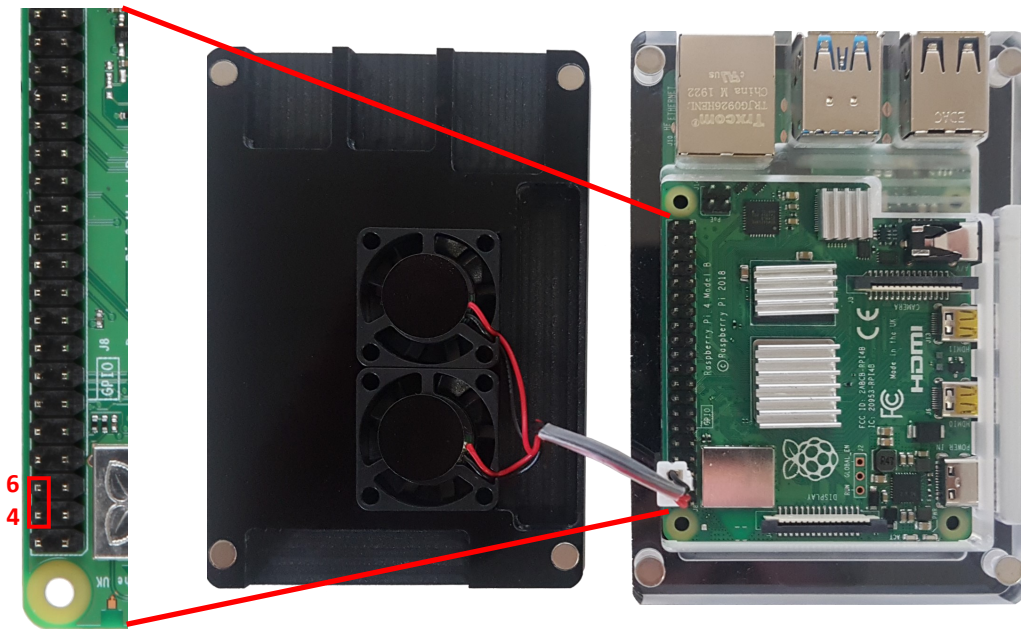

Now stick the enclosed heatsinks onto the Raspberry Pi.

The large heat sink belongs on the CPU, the middle sized heat sink on the RAM and the small heat sink belongs on the USB 3.0 controller.

Further, you need to connect the dual fans.
For this, use the two-pin plug. This must be plugged to 5V and Ground.
The plug needs to be connected to the Pins 4 and 6.

At this point, the case can be completely closed.
All you have to do is place the cover of the case on the
middle piece of the case.
Then you are finished with the assembly of your RB-
CaseP4+03B.

3. OTHER INFORMATION

Our information and take-back obligations according to the ElektroG

Symbol on electrical and electronic equipment:

This crossed-out wheeled bin means that electric and Electronic equipment does not belong in the household waste. You have to hand over old devices at a collection point. Before handing in, you have to dispose of old batteries and accumulators that are not enclosed in the old device.

Return options:

As an end user, when you buy a new device, you can use your old device (which is essentially the same as the new one we have purchased fulfilled) for disposal for free. Small appliances where none external dimensions greater than 25 cm can be made independently of the purchase of a new appliance in household normal quantities.

Possibility to return to our company location during the opening hours:

Simac GmbH, Pascalstr. 8, D-47506 Neukirchen-Vluyn

Possibility to return in your area:

We send you a package brand with which you can return the device to us free of charge. Please contact us by e-mail service@joy-it.net or by phone.

Information about the packaging:

Please pack your old device safe for transport, you should not have suitable packaging material or no own use would like to contact us, we will then send you a suitable one Packaging.

4. SUPPORT

If any questions remain open or problems arise after your purchase, we are available by e-mail, telephone and with a ticket support system to answer these.
