

SMALL CASE FOR JT-RD6006

JT-RD6006-Case01

1. GENERAL INFORMATION

Dear customer,

Thank you for purchasing our product. In the following, we will show you which things should be noted during the use.

Should you encounter any unexpected problems, do not hesitate to contact us.

2. ASSEMBLY

1. First of all, unscrew the outside screws on each side and open the top.

2. Now, assemble the accessory of the case like the switch, the feet and the bushes. The switch will be inserted in the case. The feet will be screwed from below with black screws. The bushes will be unscrewed and from the outside inserted. You have to screw the bush tightly from the inside with one of the earlier removed nuts.

3. You can screw the black cable on the black bush and the red cable with the blade receptacle on the red bush. Therefore, you have to note that the cable lug is screwed before the washer and the other nut.

4. The cable must be now mounted with the blade receptacles on the switch. Therefore, you need to note that the cable from the bush is mounted on the position 0 and the other on position 1. Afterwards, insert the RD6006 into the case. You can affix the last loose cable ends on the module itself namely the current input terminal. Therefore, it is to note that the red cable must be screwed into the + and the black one into the -.

5. As the last step, you have to put the top onto the case and screw it tight with the silver screws.

3. ADDITIONAL INFORMATION

Our Information and Take-back Obligations according to the Electrical and Electronic Equipment Act (ElektroG)

Symbol on Electrical and Electronic Products:

This crossed-out bin means that electrical and electronic products do not belong into the household waste. You must hand over your old appliance to a registration place. Before you can hand over the old appliance, you must remove used batteries and replacement batteries which are not enclosed by the device.

Return Options:

As the end user, you can hand over your old appliance (which has essentially the same functions as the new one bought with us) free of charge for disposal with the purchase of a new device. Small devices, which do not have outer dimensions bigger than 25 cm can be handed in for disposal independently of the purchase of a new product in normal household quantities.

1. Possibility of return at our company location during our opening hours

Simac Electronics GmbH, Pascalstr. 8, D-47506 Neukirchen-Vluyn

2. Possibility of return nearby

We will send you a parcel stamp with which you can send us your old appliance free of charge. For this possibility, please contact us via e-mail at service@joy-it.net or via telephone.

Information about Package:

Please package your old appliance safe for transport. Should you not have suitable packaging material or you do not want to use your own material, you can contact us and we will send you an appropriate package.

4. SUPPORT

If any questions remained open or problems may arise after your purchase, we are available by e-mail, telephone and ticket support system to answer these.

E-Mail: service@joy-it.net

Ticket-system: <http://support.joy-it.net>
