

## Product parameters

|                            |                    |
|----------------------------|--------------------|
| SoC                        | CrealityT800       |
| SoC Data Bus Width         | 64-bit             |
| RAM                        | 2G                 |
| ROM                        | 8G                 |
| WiFi Standard              | 802.11b/g/n        |
| USB Port                   | USB 2.0 x 4        |
| LAN Port                   | RJ45 x 1 (100Mbps) |
| Vibration Sensor Interface | 1                  |
| Rated Voltage              | 12V                |
| Display Type               | IPS                |
| Display Size               | 7 inches           |
| Display Resolution         | 1024x600           |
| Multi-touch                | Yes                |
| Speaker                    | Yes                |
| Vibration Sensor           | Yes                |
| Package Dimensions         | 282*241*60mm       |
| Product Dimensions         | 222*128*40mm       |
| Net Weight                 | 0.46Kg             |
| Gross Weight               | 1.3Kg              |
