### The Band is the Sensor.

The patented sensor system is integrated directly into the band. This means the band measures your performance during training, no matter where you pull.

### Train Anywhere.

Whether at home or on the road, stick to your fitness routine and work out anywhere, anytime. The only thing you need is your band and the app.

### Suitable for every Fitness Level.

The STRAFFR training is for beginners as well as advanced. Choose the band that suits you. 5-15 kg resistance for the medium band. 15-25kg for the strong band.

### Strength, HIIT, Mobility & More.

Over 100 effective workouts and exercises await you in the STRAFFR app to help you reach your individual fitness goal.

### Classes with World-class Athletes.

Get in top shape with a variety of professional athletes and personal trainers. They'll help you reach your fitness goals faster.

### 2 Years Warranty.

Our products are of the highest quality materials. So we don't just communicate our high standards, we guarantee them.

### Sales Details.
