

OP1 IP65 Pan & Tilt Wi-Fi Camera

2.5K/4MP Ultra HD Camera with Enhanced Night Vision, Pan & Tilt

2.5K/4MP resolution providing crystal clear image, combined with our enhanced color night vision technology, allows you to see your home in real time 24/7 with full color. Wide PT range (Pan: 0-355°, tilt: 0-90°) provides you a full view of your home, with no worry of losing any detail.

Dual Band Wi-Fi (2.4GHz&5GHz) Support, Web Client Added

Nowadays, 5GHz router becomes more popular and accordingly smart cameras should be compatible with 5GHz routers otherwise it fails to connect. OP1 eliminates your concern about network failure. Login on <https://web-eu.arenti.net/> with your Arenti account by browser, and enjoy convenient OP1 operation on a PC.

AI Human Motion/Sound Detection & Auto Tracking

With the artificial intelligence algorithm, the security camera can distinguish between humans and other objects and send you real-time motion/sound-triggered notifications.

Privacy Mode & Flexible Storage

If you enable Privacy Mode, the live streaming and recording will be temporarily disabled. You can insert a Micro SD card (up to 256G, not included) and enable 24/7 continuous recording to capture precious moments. Or use cloud storage to store photos and videos onto the AWS cloud server.

IP65 Weatherproof, for All Seasons

Thanks to durable and long-lasting weatherproof design as IP65 rating, OP1 is able to guard you for years.

System Specifications

Model Number:	OP1
Item Weight:	13.40 ounces(380g)
Resolution:	2560(H)*1440(V)
Pan & Tilt:	0~355°, 0~90°
Audio interface:	Built-in microphone and speaker
Sensing Distance:	Night vision up to 33 feet (10 meters)
Wireless:	802.11 b/g/n Wi-Fi connection @2.4GHz and 5GHz
Supported Mobile Phone:	IOS and Android devices
Optional Storage:	Micro-SD Card (Max.256GB); Cloud storage
Alarm Trigger:	Motion & sound detection Human filtering detection
Compression:	H264+
Operating Temperature	-4°F to 122° F (-20°C to 50°C)
