

13847

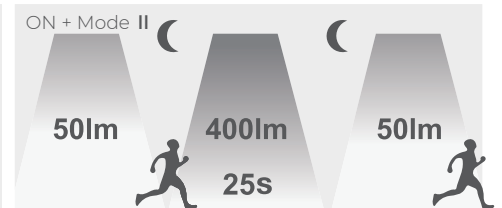

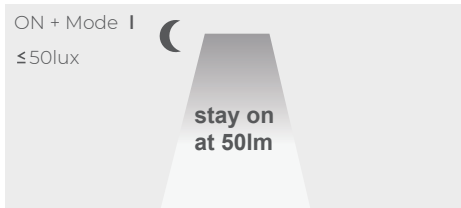

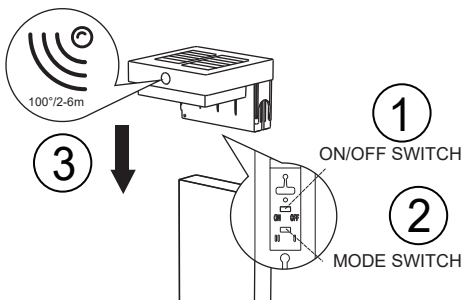

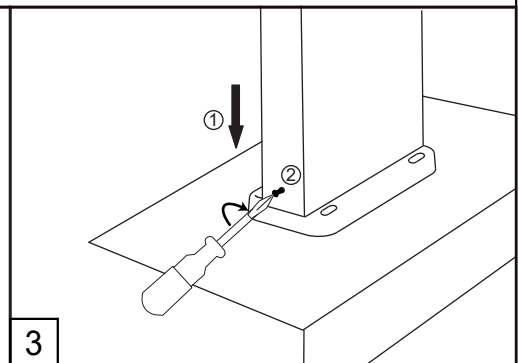

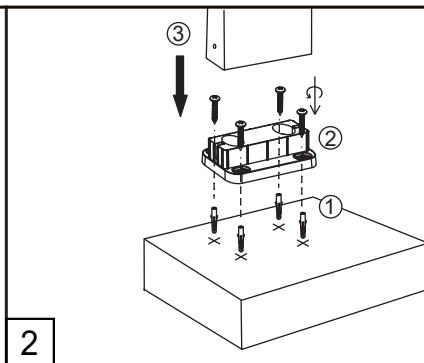

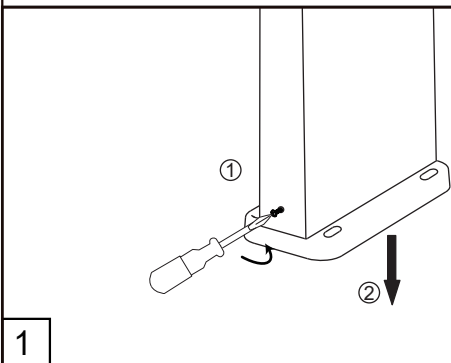

13848

Optional A

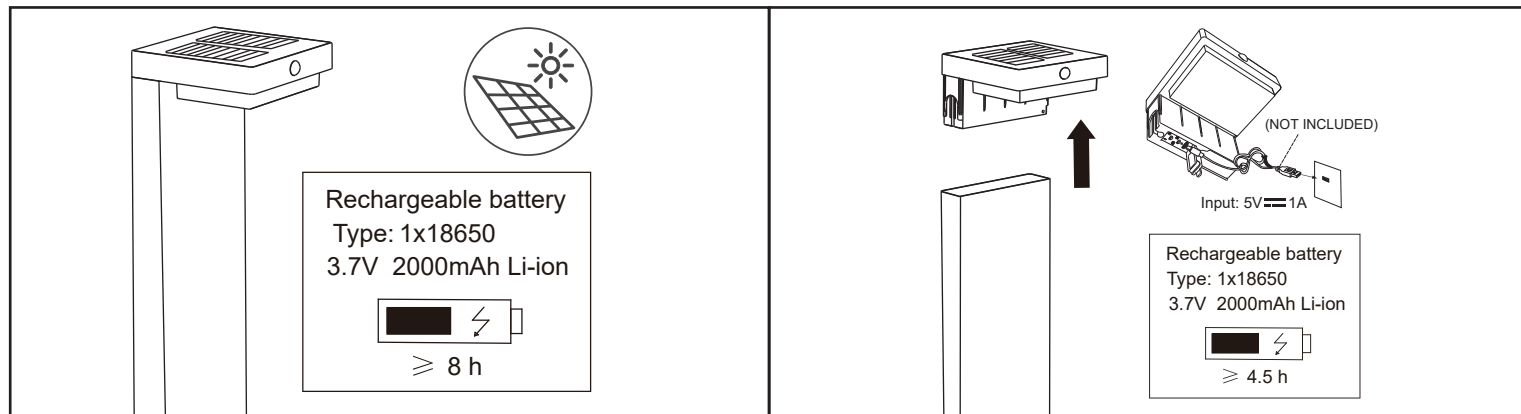

Optional B

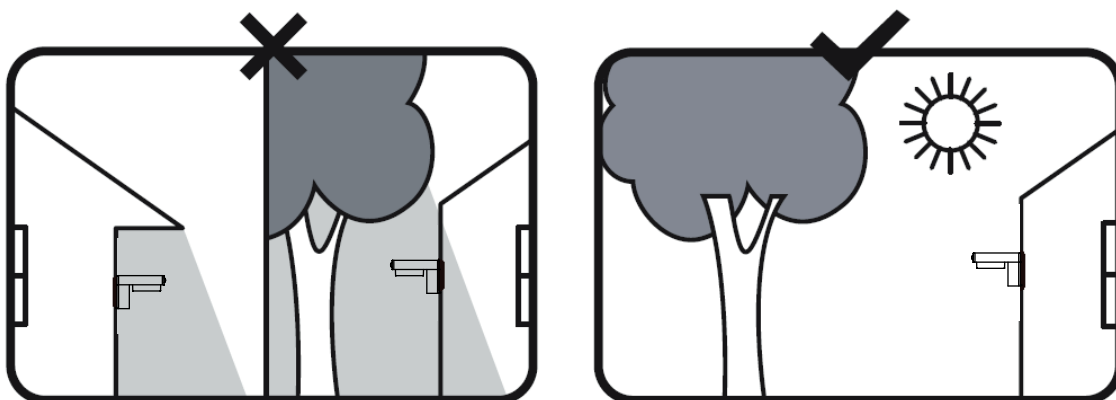

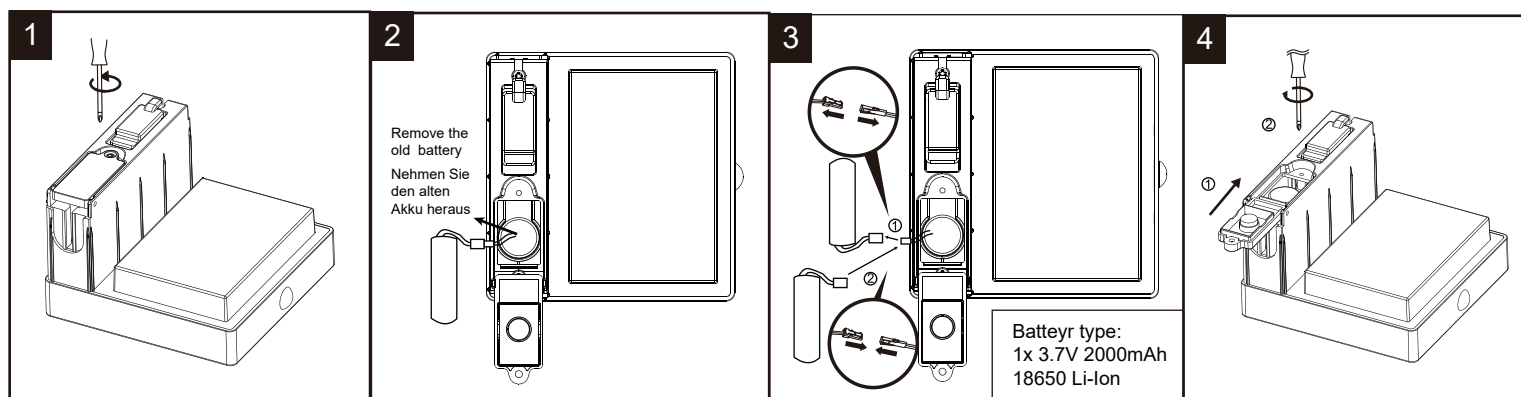

2 in 1 charging / 2 in 1 Aufladung:

If the light cannot be lighted, please charge it firstly.

Wenn das Licht nicht angezündet werden kann, laden Sie es bitte zuerst auf.

Battery change / Akkuwechsel:

Position the device so that the solar panel is not blocked by any obstruction. This will significantly increase the light output. When selecting the location, take into account the maximum detection distance of 6m and the sensor detection angle of 100°.

Positionieren Sie das Gerät so, dass das Solarpanel nicht durch Hindernisse blockiert wird. Dadurch wird die Lichtleistung deutlich erhöht. Berücksichtigen Sie bei der Auswahl des Standorts den maximalen Erfassungsabstand von 6m und den Sensorerkennungswinkel von 100°.
